

First Year Spring 2010 Schedule

Day	8:00	9:00	10:00	11:00	Noon	1:00	2:00	3:00	4:00
Mon	CS 778 Bovine Therio	AP 747 Physiology II	AP 747 Physiology II	DMP 705 Immunology		AP 705 Gross II Lecture	AP 705 Gross II Lab	AP 705 Gross II Lab	AP 705 Gross II Lab
Tue	AP 780 Special Interest Anatomy	DMP 708 Epidemiology	AP 747 Physiology II	DMP 705 Immunology		AP 747 Physiology II Lab	AP 747 Physiology II Lab	AP 747 Physiology II Lab	AP 780 Behavior of Domestic Animals
Wed		DMP 708 Epidemiology	AP 747 Physiology II	DMP 705 Immunology		AP 705 Gross II Lecture	AP 705 Gross II Lab	AP 705 Gross II Lab	AP 705 Gross II Lab
Thur	Open	AP 780 Embryology	AP 747 Physiology II	AP 740 Integration II		AP 705 Gross II Lecture	AP 705 Gross II Lab	AP 705 Gross II Lab	AP 705 Gross II Lab
Fri	Exams	Exams	Exams	Exams		AP 780 Vet Neuro Elective 1 hr lec & 2 hr lab for 2 credit hours	AP 780 Vet Neuro Elective 1 hr lec & 2 hr lab for 2 credit hours	AP 780 Vet Neuro Elective 1 hr lec & 2 hr lab for 2 credit hours	Open

Electives, Physiology II and/or Epidemiology would have the potential for some trading of time slots if desired.

This additionally does presume that only the non-elective courses will utilize testing on Friday mornings. Also the 1 hour required integrative course will not be using the Friday test period. At discretion of the course coordinator of an elective the time could prior to finalizing the schedule for the semester in question, be changed to one of the other suggested elective time slots.

AP 740 Cross-Course Integration II:

1 credit hour (New course)

Dr. Cash

AP 780 Electives in Anatomy & Physiology I:

Special Interest Anatomy for Veterinary Students

1 credit hour, starts at 7 am

Dr. Cash

Behavior of Domestic Animals

1 credit hour

Pam Davis

Comparative Embryology

1 credit hour

Dr. Klimek

Veterinary Neuroscience

2 credit hour

Dr. Cash

Clinical Sciences Electives

CS 778. The Basics of Bovine Theriogenology

1 credit hour

Dr. Elmore

DMP electives: Online course DMP 816 Trade and Agricultural Health

2 credit hour

Dr. Kastner

AP705-Gross Anatomy II (6) – Dr. Judy Klimek

AP747-Veterinary Physiology II (6) – Dr. Howard Erickson

DMP705-Veterinary Immunology (3) – Dr. Melinda Wilkerson

DMP708-Principles of Epidemiology (2) – Dr. David Renter
